STAR Certificate
Registry Entry Form

The information below is provided as a companion to the CSA STAR Certificate.

Client Name: Acquia, Inc.   **Client URL:**   https://www.acquia.com/

Client Organizational Description (200 words or less):

Acquia's Drupal Cloud is focused on content, allowing our clients to quickly scale the volume of digital content they can create and deploy across all websites and digital applications. Acquia′s Marketing Cloud is focused on data and optimization, empowering clients to collect, cleanse and action their customer's data all while remaining compliant with relevant and applicable regulations. While Acquia provides a complete set of digital experience capabilities, our platform is architected for ″composability.″   We allow our clients to purchase solutions they need based on where they are in their digital transformation. With an API first approach to all our products, we empower our clients to keep the existing systems that work and implement Acquia′s solution alongside of them

Certificate Scope:

The scope of the CSA STAR Certification review is aligned to the scope of the information security management system (ISMS) supporting the Acquia services and global operations, and in accordance with the Statement of Applicability, version 2.2, dated September 8, 2021.
